PRESS RELEASE NO. 1 - 2022

EAS 2022
1st ELECTRIC AVIATION EXPO & CONFERENCE

The only trade show with conference in Italy organized in an airfield and dedicated to electric flights, electric planes and aircrafts, eVTOLs, drones, hybrid-electric planes, the related industry and supply chain, with live demonstrations.

5-6 May 2022
Bresso City Airport - Milan – Italy

Milan, November 30, 2021 - For the first time in Italy, in the prestigious setting of Bresso City Airport, Milan, Italy, under the Patronage of ENAC, the Italian Civil Aviation Authority and in collaboration with Aero Club Milano, companies, operators and all professionals interested in networking with the sector will have an unprecedented opportunity to get to know the latest solutions and the most innovative technologies at EAS 2022, the only trade show with conference in Italy organized in an airfield.

Bresso City Airport, is home to the Aero Club Milano, one of the oldest aero clubs in Italy. Heritage of aeronautics and aviation myth, it is a symbol of the epic of the flight of Milan and Lombardy.

EAS 2022 will involve the entire supply chain across the electrification of aircrafts and flights: from batteries to electric motors, from lightweight materials to software and controls, from instruments to tests, from airport infrastructures to “vertiports”, form services to consultancy.

Fulcrum of EAS 2022 in Milan will be its INTERNATIONALITY: thousands of professionals from Italy and Southern Europe will attend the trade show and its conferences, workshops and seminars. Visitors from all around the world will be invited directly by the organizers, exhibitors, associations, Consulates and National and International Institutions headquartered in Milan.

EAS 2022 will therefore represent a unique opportunity for all companies and professionals working in the sector and for those interested to developing their activities in it to participate in the reference event for Italy, Southern Europe and the entire Mediterranean basin.

Thanks to the Patronage of ENAC, the Italian Civil Aviation Authority and the collaboration with Aero Club Milano, during EAS 2022 will be organized conferences and seminars of the highest level.

The sales and organizational team of EAS 2022 is already fully operational for the development of the project, and looks forward to meeting you in Milan in the spring of 2022.
